

**ACCENTRONix**  
The access control system *that keeps you safe*

# Product Introduction

# ABOUT US

Accentronix is a company based in Cape Town, South Africa that specializes in the development and manufacturing of smart access control and security systems. We have been providing the latest technology in access control and security systems for your home and business since 2004.

We challenge the status quo in everything we do - we believe in thinking differently. This is done by making our products beautifully designed, simple to use, and smart!

Our highly energetic team of engineers are driven to design the best hardware and software on the market; This ensures that we produce high-quality, enterprise-level solutions to our clients and partners. We strive to offer peace of mind for homeowners, security complex administrators, and business owners.

Key focus areas includes designing and manufacturing turnkey access control and monitoring systems for security estates and homes. These products also form part of our home automation solutions.

Other industries we serve include point of sale connectivity, vending/coffee machine telemetry, wireless temperature monitoring, agricultural automation, and asset and utility monitoring.

## Electric Fence

# Typical Security Estate

## Swimming pool 9AM – 8PM

## Pedestrian Gate 4G & Bluetooth In Out

## Entrance Gate 4G & Bluetooth

## Exit Gate 4G & Bluetooth

## Licence Disk Scanner

## MiFare Tags

## Cloud-Linked Remotes

## Visitor Exit OTP

## Mobile App

# Key Product Range

## Cellswitch Infinity

- Control your gate with your mobile phone
- 4G, WiFi & Bluetooth
- Visitor One-Time-Pin with Keypad interface
- 10 000 Users
- Manage remotes from the cloud with the built-in receiver
- Tag reader Interface

## Cellswitch Nano & Nano Plus

- Control your gate with your mobile phone
- 4G & Bluetooth
- Nano: 10 Users    Nano Plus: 10 000 Users
- Manage remotes from the cloud with the built-in receiver
- Visitor One-Time-Pin with Keypad interface
- Tag reader Interface
- Advanced Electric Fence Interface

## Wireless GSM Intercom Range

- Calls directly to your mobile phone.
- Cristal Clear sound via VoLTE
- 4G & Bluetooth
- Visitor One-Time-Pin
- 10 000 Users
- Manage remotes from the cloud with the built-in receiver
- Tag reader Interface

# Add-on Products

## Nice Remotes

- Manage all your ET Nice remotes online
- Restrict access for domestic and gardening service

## Accentronix License Disk Scanner

- We perfected this technology!
- Fully integrated with the Accentronix eco system
- The most advanced and feature rich scanner on the market

## Accentronix Wired & Wireless Keypad

- Wired Keypad:
- Backlit Keys
- 30m maximum cable length
- Connects to any of our products
- Wireless Keypad:
- 30m wireless range
- Connects to any of our products
- Battery life: 20 000 OTP's

## Accentronix Tags

- Manage your tags online
- Restrict access of users and tags online
- Connects to any of our products

# Manage your Remotes online

Link your remotes to the Cloud with our ET Nice integration

- Bulk learn remotes offsite
- Restrict access to specific days and times for specific users
- Easy to use and install
- Detailed log reports and access control notifications
- All our devices has a built-in receiver.

# Visitor Access Control

## Visitor Access OTP

- Residents can use the Accentronix Smart Home app to invite visitors
- The visitor will receive a WhatsApp or SMS containing a one-time-pin as well as a Google maps link and instructions
- As soon as the visitor uses the pin the resident will receive a notification
- Visitors can be restricted to one entry and one exit or whole day access

## Visitor Exit OTP feature

- An OTP will automatically be sent to the resident after they received a call from the intercom
- The visitor will then use this pin to exit the property
- This feature is only available on our Intercom range

- Wired Keypad
- 30 meter range
- Backlit keypad

# Accentronix Tags

Mifare 13,56 MHz

Link your Tags to the Cloud for effortless user control

- Bulk learn Tags offsite
- Restrict access to specific days and times for specific users
- Easy to use and install
- Detailed log reports and access control notifications
- Simply connect the tag reader to any of our devices

# Tag Readers

Link multiple readers together over the cloud

Tags will still work when the internet is down

Seamlessly set up user restrictions to specific readers on a site

Bulk learn and manage tags offsite

# Accentronix Smart Home app

Our Accentronix App is a great tool for any installer to use when in the field as well as for everyday use by a user.

Installers can access the online portal for any setup changes.

Users can set up buttons for their devices to control and monitor all their devices.

Our Accentronix Smart Home app will also send all your device notification so that you can see any alerts that come from your gate or electric fence.
