

ACCENTRONIX

License Disk Scanner

Smart Access Control System

New Innovative License Disk Scanner

Finally an **Affordable & Easy-to-use License Disk Scanner**. This scanner is fully integrated with the Accentronix access control platform, offering **powerful functionality, compatibility, and configurability**, enabling users to tailor it to their exact needs with just a few clicks.

With 20 years of experience and locally developed specifically for the South African market, this scanner system is easy to use and integrate into any security estate and business park.

Unmatched technical support through our dedicated support channels by Phone, WhatsApp, and Email, connecting you directly with the developers.

User-friendly, powerful functionality, compatibility, and configurability, enabling users to tailor it to their exact needs with just a few clicks.

Basic Plan (Standalone Scanner)

Eliminates the need for a paper visitor log book. Keep accurate records of all entries, easily accessible at your fingertips. No missing log books.

Advanced Plan

Experience the full functionality of the Accentronix Access Control System. Fully integrated with the Accentronix hardware and cloud ecosystem, offering powerful functionality, compatibility, and configurability.

- Controls the gate directly via Bluetooth or Internet.
- Visitor One-Time-Pin integration.
- Fully integrated to the Accentronix hardware and cloud ecosystem.
- Ability to blacklist certain vehicles and visitors.
- Direct outgoing calls from the scanner.
- Information that can be collected includes:
 - Resident being visited
 - Reason for visit
 - Number of occupants
 - Visitor mobile number
 - Driver's License scan
 - Vehicle License disk scan
 - Car Photo

Features available on both Basic and Advanced Plans

- Driver's License Photo extraction.
- Take photos of ID, vehicles and passengers.
- Detailed log reports containing Driver's License Photo and Vehicle information.
- Hassle-free as the SIM and Airtime are fully managed by Accentronix.
- There is a once-off fee for the hardware followed by a monthly or yearly subscription, based on the chosen plan.
